

Our technology
reduces cost per ton

QUALITY, PERFORMANCE AND TECHNOLOGY

Made to last, Enduride rollers come from a simple idea: Isolate the bearings to eliminate vibration, dust or any other contaminants; this to the benefit of a longer life expectancy and return on investment.

Enduride rollers have been used in mining and industrial applications for years. Our quality products will help your operations by reducing maintenance costs and the number of rollers you purchase every year. Whatever the size of your operations, we have a solution for you.

WE MANUFACTURE MOST TYPES OF IDLERS:

- Troughing
- Return
- Self-cleaning
- Impact
- Self-aligning
- And more

MATERIAL WE USE:

- Steel
- HDPE
- UHMW
- Stainless
- Rubber
- And more

Patented
Technology

SPECS:

- CEMA B to F Rollers
- Retrofit any frame and bracket
- Isolated bearings for superior performance
- Meets and exceeds CEMA and AFNOR specifications
- Available in all sizes
- Multiple bearing option

LESS DOWNTIME YOUR RETURN ON INVESTMENT

FEATURES:

- Up to 3 times life expectancy
- Energy savings up to 20%
- Noise reduction up to 12 decibels
- Operates in extreme conditions
Grease specs: -67°F to $+400^{\circ}\text{F}$ (-55°C to $+204^{\circ}\text{C}$)
- Minimum TIR

Exclusive
polyurethane seal

Exclusive water/
contaminant
super seal (option)

Patented triple
labyrinth system

Double bearing
(Multiple bearing option)

INDUSTRIES WE SERVE

MINING

- Coal
- Iron Ore
- Sand & Gravel
- Limestone
- Ash
- Ore and Copper
- Bauxite
- Phosphate
- Gypsum
- Gold
- Potash
- Magnesium
- Molybdenum
- Sulfate

OTHER INDUSTRIES

- Salt
- Fertilizer
- Chemical
- Power Plants
- Cement
- Pulp and Paper
- Ports and Shipping
- Pharmaceutical
- Food
- Drywall
- Flat Board
- And many more

GREEN TECHNOLOGY

Enduride Canada USA products can help your operations to be greener. By carefully choosing the best and the greenest components, our products have been designed to minimize their impact on the environment. Besides being delivered in a green colour, our rollers are the greenest on the market:

- Energy savings up to 20%
- Reduce the amount of industrial waste (Up to 3 times life expectancy)
- Noise reduction up to 12 decibels
- Better fit with the environment (green colour)
